

Crush

The feelings I feel, when I see your face.
How excited I get, when I hear your name.

What I'd give, to say your name.
To touch you, to kiss you,
Is it love,
Or a crush?
You make me so happy
It feels so right
So, I leave it to you.
Is it love,
Or a crush?
You say you might be bi,
Am I supposed to take a hint?
It's so hard for me.
I like you so much.
But is this love,
Or is it just a crush?
Please tell me soon,
Is my love true?
You're such an amazing person,
You deserve someone great.
I just hope that it's me.
So please tell me,
Is this love,
Or a crush?
