“Books Made”

Scene I.

Randy Newman [singing to old timey stomp-pop]:  
We're going to crash land  
In this first scene  
(Yeah) We're going unmanned  
Unclothed by lycopene

This one stroke engine  
Living on a family of four  
Missile is like an Injun  
Riding into the roar

Staring at holy cow  
[fade, repeat]

Setting, a “Star Wars”-lit motel, Nicaragua suburbs.

Ben Kingsley [as Baron von Lopez] walks toward a sandwich on the bar, studies it, approves, shrugs.

Kevin Bacon [as Dweezil Zappa] tackles then straddles Kingsley.

You [as you in 20 years] stumble in.

You:  
All right, we've really opened up.  
(Shakes head)  
F.ing Pandora's Box here.  
F.ing 20 questions.

Bacon turns slowly to you; it's snowing in the Death Star. He unstraddles Kingsley.

Bacon:  
All right, how do you play?

Kingsley is jettisoned.

You:  
Choose a famous person,  
I ask 20 yes or no questions.  
Let's do it.

Bacon:  
All right, got one.

You:  
Is it Dweezil Zappa crash landing?

Bacon:  
No.
